HOWARD-HAMPTON GAME THANKSGIVING

The annual championship football game between Howard and Hampton will be played at Hampton on Thanksgiving Day. For a number of years this game has created great interest in football circles. The fact that this game will be played on Hampton's gridiron will mot prevent the Howard Rabble and the Washington football enthusiasts from witnessing the thrilling event.

This year Hampton is boastful of a strong team and of its tiptop form. The fact that adds force to this boast is that they have not been scored on this year. Howard has on the field one of the beat teams that she has ever developed.

It maddition to Coach Exendine, Gradus thought the dampton of Coach Exendine, Gradus thought the flours and League show Larry Doyle, of the Giants, to be the leading hitter with the unusually small average of 320. Fred Luderus, the only Philly player to hit over 300, was second with Jis. Tom Griffish, of the Reds: Bill Hinchman, of the Pirates, and Jake Daubert, of Brooklyn, were the only other players in the select class.

Every game won by Trinity this season can be credited to the individual briting and the played on the field one of the beat teams that she has ever developed.

COLUMBIA CAN WIN THAT \$100,000 PRIZE

New York, Nov. 22.-The final football game of the season at Columbia on Thursday afternoon is of vital inportance to the Blue and Walte eleven.
Columbia must beat Westeren to win

must be done by Head Coach Ingram and his assistants.

Owing to the poor showing of many of those tried in the backfield early in the season and injuries to others, the final combination for the backfield has just been made and the players need practice together. The set that will start the game is composed of Craig at quarter, Westphal and Davis at the halves and Martin at full. Though each has done good work, this combination has never started a match together and it is feared that they will lack coherion.

Every effort will be made in the three days to secure their harmonious action. A still more serious fact is that the line this year has been pierced by almost every opponent. Notwithstanding the gloomy outlook, the midshipmen profess confidence in their team and are doing their best by demonstrations and parades to cheer the players.

Haughton's System Is Up-to-date Football

Crimson Coach, Greatest of

New York, Nov. 22.—Percy Haughton has reduced to a science a system of interesting hundreds of Harvard students in football so that all varsity material may come quickly under his own supervision. There were nearly 800 out for football at Harvard this year, hundreds more than any other coach in the country had to work with. This rounding up of all possible griding candidates is the foundation of the Haughton coaching system, a system that's been so efficient

Yale hasn't been the only big victim of the Haughton steam roller. In 1911 Harvard and Princeton renewed football
